YOUR HEALTH IS IMPORTANT. AND NOW IT'S MOBILE.

INTRODUCING THE MYCARECORNER MOBILE APP

Now there's a mobile version of MyCareCorner that gives you access to your personal health records, including appointments, current medication list, allergies and more — from anywhere with internet access. You'll get all the benefits of the MyCareCorner patient portal, with additional conveniences.

Empowered: Having real time access to your health data and to your care team means you're more actively involved in your own healthcare

Healthy: Having the ability to easily stay in (digital) touch with your doctors and other clinical staff from anywhere, at any time via a mobile device, means staying on top of appointments, test results, immunizations and more, which helps improve care outcomes

Secure: Just like the desktop version, the app is built on a secure platform

Collaborative: If you so choose, family members and other care givers can access your health record. They can simply sign into the mobile app with their current credentials, after access has been shared.

Like the desktop version, you can access your personal health records from hospitals, clinics and specialty care, now more conveniently than ever.

FEATURES INCLUDE:

- Allergies
- Appointments
- Blood Glucose
- Blood Oxygen
- Height
- Immunizations
- Medical Conditions
- Medications
- Medical Visits and Encounters
- Procedures
- Weight Values
- Vital Signs
- Messaging
- Lab Results

DOWNLOAD THE MYCARECORNER APP WITH THESE EASY STEPS:

Available on the App Store

GET IT ON Google Play

Download MyCareCorner in your app store

1.) Once you receive an email to join MyCareCorner, click the link in the email to create your account.

2.) After creating an account, download MyCareCorner from your App Store or Google Play Store.

3.) Now that the MyCareCorner app is downloaded on your phone, log in with the account you just created so you can have any time access to your record.

4.) You will be prompted to create a 4-digit pin for simple sign-in in the future.
